Media Pack 2020

Advertise in the official publications of The Concrete Society, the technical voice of the concrete industry.

The Concrete Society is an independent membership organisation that provides technical information, professional standards and qualifications for architects, engineers, specifiers, suppliers, contractors and users of concrete.

The Society’s prestigious annual Awards event, which has been running for over 50 years, celebrates excellence in concrete. Society Members and non-members are invited to nominate projects, increase their company’s exposure by becoming an event sponsor, or simply attend the dinner to celebrate the concrete industry and mix with like-minded peers from within the industry.
Media Pack 2020

Concrete
Concrete is the official magazine of The Concrete Society and is essential reading for all those working with concrete. It is received by all Society members and is also available on a subscription basis for non-members engaged professionally in the industry.

The magazine provides technical articles, project reports, current practice sheets and updates on innovation and best practice in construction materials and systems. Each issue includes a news round-up, a ‘Concrete Diary’ of industry events, technical articles and case studies plus the latest products and services.

Concrete Engineering International
Concrete Engineering International is a bi-annual publication that focuses on projects around the world. Whilst Concrete primarily features UK and Irish based projects, Concrete Engineering International has its own unique overseas distribution and provides a platform for the global concrete construction industry.

4,000 members and subscribers
Distributed globally
Published January and August

4,000 members and subscribers
10 issues per year
Distributed in over 60 countries

Readers include contractors, design and consulting professionals, government agencies, equipment and service suppliers, project developers, industry associates.
