

The Concrete Society

Membership
—for concrete professionals worldwide

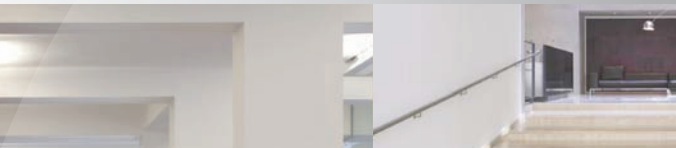

Welcome to The Concrete Society

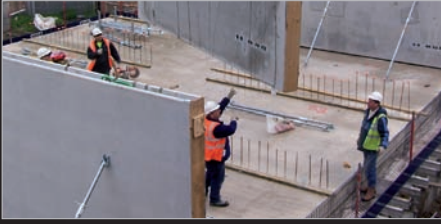

The Concrete Society is an independent membership organisation dedicated to supporting the use of concrete; the most widely used building material in the world.

Established in 1966 and with members from around the world, The Society offers a comprehensive portfolio of products and services to the industry including **concrete**, the global magazine of The Concrete Society, an extensive collection of highly rated technical publications and of course access to the unique and highly respected Concrete Advisory Service.

To ensure you get the most out of membership, we've created specially tailored categories to suit your needs:

- **Corporate membership**
- gives your employees all the many benefits Society membership brings, including unlimited telephone and email access to our Advisory team.
- **Individual membership**
- specially tailored to suit individuals who want to keep up to date with developments in the concrete industry and includes core membership benefits.
- **Individual *plus* membership**
- offers a package tailored to the needs of the individual but with a sizeable discount on site visits and access to our Advisory team.
- **Academic membership**
- a package of benefits for colleges and universities and is tailored to suit those both working and studying in academic institutions.

We've put over 40 years worth of experience into creating just the right kinds of services that the industry and our members need.

Why not see how our services can help you:

- **CONCRETE ADVICE** - technical advice for all your concrete related problems.
- **CONCRETE UPDATING** - keeping you up to date with the latest industry developments.
- **CONCRETE RESOURCES** - access to a comprehensive collection of technical literature.
- **CONCRETE NETWORKING** - providing a gateway to a wide network of industry contacts.

Joining the Society is easy
