

Specifying Concrete? Know your Standards!

Understanding how they interact

Wednesday 27th January 2021

Morning seminar on-line

This morning Technical Seminar aims to provide guidance on the relating to the practical and interrelation of the numerous concrete related Standards.

The event will offer an in-depth insight for engineers, supervisors, students and technicians bringing together the interplay of concrete standards used in the UK.

The day begins with registration at 09:45am and will close at approximately 12:30pm with short breaks between sessions. Joining instructions will be provided on confirmation.

Key topics to include:

BS EN 206	Concrete — Specification, performance, production and conformity
BS 8500	Complementary British Standard to BS EN 206
BS EN 197-1	Cement
BS EN 12620	Aggregates for Concrete
BS EN 934	Admixtures for concrete, mortar and grout
BS EN 13670	Execution of concrete structures
BS EN 12350	Testing fresh concrete
BS EN 12390	Testing hardened concrete
Eurocodes	
Plus many more references!	

Fee: £45 (Concrete Society members) +VAT or £65 (Non-Concrete Society members) +VAT. A **10% discount is available for multiple delegate bookings**. An invoice will be issued upon receipt of the booking. At least 3 days' notice is required for full refund. Late cancellation refund at the discretion of the Society.
