

The Perception of Visual Concrete

Understanding blemishes and which are avoidable

Wednesday 24th March 2021

Morning seminar on-line

This morning Technical Seminar aims to provide guidance to both formed and unformed finishes.

The presentations are based on the *Visual Concrete* series.

Visual concrete – Planning and assessment

Visual concrete – Finishes

Visual concrete – Control of blemishes

Visual concrete – Weathering, stains & efflorescence

The event will offer an in-depth insight for Engineers, Architects, Supervisors and Students with focus on understanding the perceptions, practicalities and the impact of visual blemishes or defects.

The day begins with registration at 09:45am and will close at approximately 12:30pm with short breaks between sessions. Joining instructions will be provided on confirmation.
