

## The Adam Neville Centre of Excellence in Cement and Concrete Engineering

Launch event 6<sup>th</sup> October 2017

09:30-10:00	<i>Arrival coffee and tea</i>
10:00-10:10	<b>Welcome and Context of Neville Centre</b> Professor Lisa Roberts, Deputy Vice-Chancellor (Research and Innovation)
10:10-10:20	<b>Eulogy on Professor Adam Neville</b> Sir Alan Langlands, Vice-Chancellor
10:20-11:10	<b>The Works and Legacy of Prof. Adam Neville: “The Completest Thing”</b> Professor Ken Hover, Cornell University
11:10-11:20	<b>The Concrete Society and the Neville Centre-bridging academia and industry.</b> Kathy Calverley, Managing Director of Concrete Society
11:20-11:30	<b>Reflections</b> Mrs Mary Neville, wife of Prof Neville
11:30-11:50	<i>Coffee break</i>
11:50-12:05	<b>Industrial relevance and structural safety</b> Dr Alastair Soane, Director of Structural-Safety the group encompassing CROSS (Confidential reporting on structural safety) and SCOSS (Standing committee on structural safety).
12:05-12:20	<b>Integrating Education with the demands of the Concrete Industry</b> Mr Rob Lewis, Vice-President and Chair of Technical and Education Committee, Institute of Concrete Technology; also Technical Marketing Manager, Elkem
12:20-12:30	<b>Objectives of the Neville Centre</b> Professor John Forth, Director of the Centre
12:30-13:00	<b>Discussion</b> Chaired by Professor Muhammed Basheer, Head of School of Civil Engineering
13:00-14:00	<i>Lunch and networking</i>
14:00-14:25	<b>Seminar: The nature of the main binding phase in concrete.</b> Professor Ian Richardson
14:25-14:50	<b>Seminar: Composition – Microstructure – Durability relationships in low-carbon cement</b> Dr Leon Black
14:50-15:15	<b>Seminar: Structural behaviour as determined from real scale laboratory tests and in-service monitoring of large structures.</b> Prof John Forth
15:15-15:40	<b>Seminar: Assessing the durability and service life of structures.</b> Prof Muhammed Basheer
15:40-16:05	<b>Seminar: Talking to the Trees in the Concrete Jungle</b> Prof Phil Purnell
16:05	<i>Close of event</i>
