

Technical Presentation Tuesday 26<sup>th</sup> February 2019

Sophia Gardens Cricket Stadium, CF11 9XR, Cardiff. 8.00 for Bacon Rolls / Coffee,  
8.15 start, finish by 9.15.

- HTC are the world's leading floor grinding and polishing application manufacturer. There is probably no other floor that combines sense and sensibility in the same elegant way as an HTC Superfloor™!
- HTC Superfloor™ is a method for the grinding and polishing of concrete floors to leave a diamond ground, mirror-polished concrete floor with easy to clean, durable, environmentally friendly and aesthetic qualities. As attractive in the heaviest industrial environment as in the trendiest living room. The process consists of grinding, refinement, impregnation and polishing. This procedure gives the surface a high gloss polish and all the qualities that characterize a real HTC Superfloor™.

### This technical presentation will include:

- Introduction to HTC (video)
- What is a 'Planetary Grinder?'
- The best concrete for polishing
- HTC Superfloor™ processes
- Stain protection and sealing
- Measurability – DOI, Gloss Readings
- Meeting requirements - Friction & slip test, Fire rating & Anti-Static properties
- HTC Superfloor™ case studies.
