

Sika Limited

Concrete Business Unit - Field Concrete Technologist - National Role

We currently have a vacancy for the above position and the successful candidate will support the sales team by conducting laboratory concrete trial mixes, site visits, trials and problem solving.

The minimum qualification requirement is City Guilds Part 2 Concrete Practical Applications. Full clean driving licence is essential.

The successful candidate will report to the Concrete Services Manager and be home based, ideally in the central region of the UK.

Please send a full CV and covering letter to Mr Callum Cassidy, Concrete Services Manager, at the address below or by email to cassidy.callum@uk.sika.com. Alternatively, please contact us on 01707 394444.
