

Technical Event AquaTrace – 17th May 2022

A presentation by Declan Foley

Global Sales Director

AquaTrace - Intelligent Building Solutions

The world's first real-time **waterproofing & thermal performance monitoring** technology.

We identify moisture build-up and water leaks in real time before they even enter the building. AquaTrace is a live, 24/7, cloud-based, monitoring solution providing real-time data and notifications with pinpoint accuracy before any water enters your building.

Some advantages of having the AquaTrace System

1. Fast & easy install
2. Minimal hardware & disruption to roofing
3. Can be activated pre hand over /PC
4. 24/7 monitoring
5. Leak occurrences detected & alerted in real time
6. Pin-point accuracy
7. Avoid costly searches & unnecessary repairs
8. Reduce Insurance premiums
9. Peace of mind & avoid reputational damage
10. Eliminate Consequential Loss
11. Improved ESG
12. U-value design performance monitored

Address

Cardiff Rugby Ground, Cardiff Arms Park, CF10 1JA
Breakfast Rolls served from 08.00, presentation to start at 08.30
