

Technical Event

High & Low Density Materials in Concrete

Tuesday 15th April 2025 at 1.00pm

**Double Tree by Hilton Strathclyde, Phoenix Crescent, Strathclyde Business Park,
Bellshill, ML4 3JQ**

The Concrete Society are organising an afternoon to talk about concrete which have non-standard densities. The aim of the session is to learn about various characteristics of high and low density concretes in application, how to produce and use these density focused concretes and review the method of specifying concrete more generally and with specific regard to concrete density

- Arrive at 1pm, a light lunch will be provided
- 1.30 - Intro and high-density concrete, speaker - Denise Roberts of LKAB
- 2.15 - Low-density concrete, speaker - Colin Reid of Concrete Materials Ltd
- 3.00 - Refreshments and networking
- 3.15 - Specifying and using non-standard concrete
- 4.00 - Finish

This is a free event, however, please register your place by contacting the Concrete Society: regional-events@concrete.org.uk
