Evolving Concrete

Thursday 4th June 2026

Building Centre, London, WC1E 1BT

Sponsorship Brochure

Evolving Concrete 2026

Join us for an inspiring day of expert insights and thought-provoking discussions on the future of concrete in the UK.

This event brings together industry leaders for three in-depth sessions packed with technical guidance, real-world case studies, and interactive panel debates designed to spark innovation and collaboration.

We offer three tiers of sponsorship, each delivering exceptional brand visibility through prominent logo placement, magazine advertising, and featured website content. Sponsors also have the opportunity to shape technical discussions through programme participation, as well as showcasing products with a compact exhibition stand, and access to valuable lead-generation opportunities.

Influence discussion. Build awareness. Promote knowledge. Get involved.

Sponsorship Packages
